<ul style="list-style-type: none"> - Committee member Hannah has stepped down, looking for new members - SB 1383 put in effect, which is regarding managing organic waste; committee will look into how much is going to be responsibility of individuals vs municipalities and any roadmap we have for individuals 													
6. On-Going Business <i>(One (1) Minute per Speaker per Agenda Item)</i>													
<ul style="list-style-type: none"> a. Earth Day – discussion regarding how to recognize the day - GTLNC will not be hosting Earth Day/Taste of Toluca in person yet due to pandemic - Education opportunities through social media and newsletter - Organic waste changes related to SB 1383 - LADWP classes in drought resistant planting, or from other non-profits (eg Theodore Payne Foundation) 													

- Other virtual learning opportunities
- b. Planning for possible “3-Mile Challenge” promotion between Earth Day (April 22) and Bike-to-Work Day (May 20)
 - Transit studies use 3mi as walkable/bikeable distance; in LA about half of all trips are 3mi or less but 87% are taken by car, many as single drivers
 - Promote on social media the #3milechallenge and encourage people to post about trips under 3mi that they didn’t use a car for
 - In addition to the larger climate change impacts, vehicle exhaust can impact local air quality and cause breathing issues/asthma as well as trap heat in the city, so reducing reliance on vehicles has big local effect

- (One (1) Minute per Speaker per Agenda Item)
- a. Planning for Environmental Committee activities, goals, and outreach in 2022
